

An emotional character who gets
what your feeling!

Nomi™ is a caring, empathetic AI character designed to give K–12 students a safe, comfortable place to talk through life's tough moments.

Always ready to listen, **Nomi™** offers a gentle conversation space where students can share openly, without fear of judgment!

Trained human crisis counselors stand watch, overseeing conversations in the background to ensure every student's safety.

Students start a chat
on their smartphone or
Chrome extension.

Professional crisis
counselors oversee
each conversation.

In concerning or crisis
situations, a human
intervenes.

Whether it's a bad day, a stressful situation, or just needing someone to talk to, **Nomi™** is a steady, reassuring presence that helps students feel heard, understood, and supported. With the heart of a friend and the oversight of professionals, **Nomi™** bridges the gap between technology and human care, making emotional support accessible anytime it's needed. *Your calm in the storm.*

To be listened to is to be loved.
